Krost Library Shelving Systems provides the versatility to efficiently organize large collections of books, periodicals, media and picture books.

KROST Shelving Library System is ideally suited for use in a wide range of outlets such as industrial educational or municipal surroundings.

KROST Shelving Library System needs to be durable and reliable. They see plenty of traffic from people who are constantly giving and taking items from their shelves, and therefore a shelving solution that can endure a great deal of shuffling weight is required here.

KROST Shelving Library System has been so ingeniously designed that it can be installed in matter of hours without any substantial disruption of business.

We have a great selection of Library Shelving that comes in a variety of sizes so you are able to organize easily and quickly. All units, shelves and fittings are interchangeable, and can be assembled with ease and speed. Single and double sided Library Shelving bays available for maximum floor area utilization.

LIBRARY SHELVING
Durable shelving ideal for use in warehouses, offices and retail stores.

About Krost Shelving and Racking

Established in 1965, Krost Shelving and Racking is that rare combination of trusted family business and proudly South African innovation. These unique qualities have allowed us to become one of the largest privately owned storage, warehousing and retail product manufacturing companies in Africa with a strong representation throughout sub Saharan Africa.

Since its inception in 1965 Krost Shelving and Racking has become entrenched as a household name in South Africa and was one of the first companies in the country to receive the highly-coveted South African Bureau of Standards (SABS) mark for excellence of quality standards.

With a current staff compliment of more than 140 highly dedicated workers, spearheaded by our CEO Uri Krost, we offer a unique, hands-on approach that focuses on personal attention, product expertise and unparalleled service. No job falls beneath or above the scope of our professional team of staff who continuously work to improve and upgrade the company’s products, knowledge and service.

Our core values:

- Deliver an excellent product at an unbeatable price – both quality and affordability direct the company’s vision.
- Provide an unparalleled service – Krost Shelving and Racking has instituted a continuous improvement program to ensure that we meet the ever changing needs of our clients in the shortest possible time.
- Develop and nurture long-term relationships with our customers – this strength has allowed us to understand the intense nature of our clients’ business needs and in so doing has made us an indispensable business partner.

Krost Racking and Shelving operates from our 17 000 m² premises in Wadeville and is an ISO 9001 accredited factory.
